

CAMPUS SHUTTLE ROUTE NUMBERING GUIDE

The Denton County Transportation Authority (DCTA) is launching a new route numbering system with its August 2019 round of service changes and will start with University of North Texas (UNT) Campus Shuttle service. The new route numbering system will be effective August 26, 2019.

Each sequence will have an abbreviated route name with a three-digit code to identify the group, route and schedule. The short letter code will still be visible to help riders identify their desired route (i.e. CE = Colorado Express).

ROUTE NUMBERING CHEAT SHEET

BERNARD STREET
